

MISSOURI SCHOOL FOOD SERVICE PROFESSIONALS

You are invited to participate in an e-mail communication list managed by the Department of Health and Senior Services, Division of Community Health, WIC and Nutrition Services Unit. Stay informed! Join today!

The **purpose** of the **School Food Service Network** is to distribute nutrition information that is applicable to you in your role as a food service professional in a public/non-public school setting. **School Food Service Network** letters contain timely nutrition information and are prepared or reviewed by the Child Nutrition Program Manager who is a Registered Dietitian and licensed in the state of Missouri.

Letters include:

- grant opportunities,
- web links to fast food nutrition information,
- registration information for educational training opportunities,
- ordering information for free resources,
- dietary intake and weight data of Missouri children,
- National Nutrition Month and 5 A Day month activities,
- applications for statewide and nationwide school recognition, and
- much more!

Sign up to receive future letters by providing your e-mail address (preferred) or mailing address.
